

We are so excited to be days away from your reveal. To make sure the process goes smoothly, here are a few guidelines to prepare for an efficient installation.

---

1. **De-clutter** as much as possible. Our team is prepared to work swiftly and efficiently to provide a photo-ready home for your reveal. If you are in need of help, we have relationships with professionals who specialize in organization and clutter control.
2. Remove any **seasonal/holiday** decorations that can quickly out date photos that will be taken.
3. **Dust and vacuum all areas.**
4. Clean the **kitchen sink** and put away all the dishes.
5. Clear all **kitchen counter tops** and put away toasters, can openers, etc.
6. Hide all **trash cans.**
7. Remove all **magnets and decorations** from the refrigerator.
8. If there are **pets**, hide all food/water bowls, pet beds, and pet toys.
9. Replace all burned out **light bulbs.** This is huge as we want to maximize lighting for best results.
10. Please **secure any potentially aggressive animals** in a safe location, away from all rooms being attended to.
11. Breathe, this will be a lovely experience and we look forward to capturing photos and **beautiful essence of your home.**

We appreciate You. Thank you for your cooperation
